

Agniveer Vayu Other than Science (Group Y) - 13 Oct 2023 - Shift-1 - Memory Based Paper

English

Question 1

Select the most appropriate synonym for the given word.

Merciful

Options:

- A. Brutal
- B. Stubborn
- C. Kind
- D. Grateful

Answer: C

Solution:

The correct answer is **option 3 i.e. Kind**.

Key Points

The sentence talks about how the king was known for his kindness when it came to forgiving first-time wrongdoers.

- **Merciful:** To be forgiving and compassionate towards someone. (किसी के प्रति क्षमाशील और दयावान होना)
- **Kind:** To be generous, helpful, and caring about other people. (उदार, मददगार और दूसरे लोगों की देखभाल करने वाला होना)

Thus, it is clear that '**merciful**' and '**kind**' are synonyms.

Let's look at the meanings of the other words:

- **Brutal:** Violent in a savage way (एक क्रूर तरीके से हिंसक)

- **Stubborn:** Showing extreme determination to not change what one believes in (जिस पर कोई विश्वास करता है उसे न बदलने के लिए अत्यधिक दृढ़ संकल्प दिखा रहा है)
 - **Grateful:** Showing appreciation for something that has happened. (जो कुछ हुआ है उसके लिए प्रशंसा दिखाना।)
-

Question 2

In the following question, out of the four alternatives, select the word opposite in meaning to the word given.

Lethargic

Options:

- A. Torpid
- B. Dull
- C. Energetic
- D. Narcotic

Answer: C

Solution:

Correct Answer: Energetic

‘Lethargic’ means ‘slow-moving and inactive or sluggish’.

On the other hand, ‘energetic’ means ‘full of energy and activity’.

Hence, they have opposite meanings. Torpid means inactive, dull means lifeless and narcotic is related to drowsiness.

Question 3

Choose the word that can substitute the given group of words.

One who looks at the dark side of life

Options:

- A. Libertine
- B. Pessimist
- C. Anarchist
- D. Extrovert

Answer: B

Solution:

The correct answer is '**Option 2**' i.e. '**Pessimist**'.

Key Points

- "**Pessimist**" is a person who habitually or systematically expects the worst outcome or has a negative outlook on life or a specific situation.(निराशावादी)
- Explanation of **other options**:
 - **Libertine**: A libertine is a person who leads an immoral or unrestrained lifestyle, often disregarding social norms or moral principles.
 - **Anarchist**: An anarchist is a person who believes in the absence of government or authority, advocating for a society based on voluntary cooperation and absence of hierarchy.
 - **Extrovert**: An extrovert is a person who is outgoing, sociable, and energized by being around others.

Therefore, the **correct answer** is: '**Pessimist**'.

Question 4

Select the wrongly spelt word.

Options:

- A. Celebrate
- B. Celebrant
- C. Celebrity
- D. Celeboration

Answer: D

Solution:

The correct answer is **option 4) i.e.celeberation**.

- The correct spelling will be '**celebration**'.
 - All other words are correctly spelt.
 - **celebrate**:acknowledge a significant or happy day or eventwith a social gathering or enjoyable activity.
 - **celebrant**:a person who celebrates something.
 - **celebrity**:a famous person, especially in entertainment or sport.
-

Question 5

Select the correctly speltword:

Options:

- A. Consttuction
- B. Implemantation
- C. Vioelation
- D. Foundation

Answer: D

Solution:

The correct answer is "**Foundation**".

Key Points

- **Let's analyze each option:**
 - **Consttuction** - This word is incorrect.
 - The correct spelling should be "**Construction**."
 - Construction refers to the process or act of building something, like buildings, roads, etc.
 - **Implemantation** - This word is incorrect.
 - The correct spelling should be "**Implementation**."
 - This term usually refers to the process of putting a plan, design, or decision into effect.
 - **Vioelation** - This word is incorrect.
 - The correct spelling should be "**Violation**."
 - Violation refers to the act of breaking or failing to comply with a rule or formal agreement.

- **Foundation** - This is spelt correctly.
 - 'Foundation' in English can refer to the lowest load-bearing part of a building, or an underlying basis or principle, or an established nonprofit organization.
- Hence, the correct answer is "Foundation." It is the only word among the given options that is spelled correctly.

Therefore, the correct answer is "**Option 4**".

Question 6

What is the noun form of 'Restrict'?

Options:

- A. Restricted
- B. Restricting
- C. Restriction
- D. Restrictive

Answer: C

Solution:

The correct answer is "**Restriction**".

Key Points

- The word "Restrict" is a verb. According to the rules of English grammar, when we want to turn a verb into a noun, we often use specific suffixes. A frequently used suffix to convert verbs to nouns is "-ion".
- Hence, when we apply this rule to the verb "Restrict", we add the suffix "-ion" to get "Restriction", which is a noun. Additionally, it's worth noting that many other English verbs follow this pattern, converting to nouns through the addition of "-ion".
- The noun "Restriction" is used to denote something that limits or controls what people can do or what is possible. It represents a limit or control on someone or something to prevent them from behaving in a particular way. It falls in line logically with the meaning of "Restrict", which involves limiting or controlling something.

Hence, the correct answer is "**option 3**".

Question 7

In the given sentence, identify the segment that contains a grammatical error.

There is a few water in the bowl on the table.

Options:

- A. There is
- B. in the bowl
- C. on the table
- D. a few water

Answer: D

Solution:

The erroneous part of the sentence is: **a few water**

Key Points

- Replace '**few**' with '**little**' to make the sentence correct.
- We use **few** and **a few** with countable nouns in the plural form.
 - **Example -** *Few dogs are chasing a goat.*
- We use **little** and **a little** with uncountable nouns.
 - **Example -** *We had **little** time to prepare before we had to go.*
- In the given sentence **Water is an uncountable noun**. So, we must use '**little**' in place of '**few**'.

Therefore, the correct answer is **option 4** which contains an error.

Corrected sentence: *There is a **little** water in the bowl on the table.*

Question 8

Improve the underlined part of the sentence. Choose 'No improvement' as an answer if the sentence is grammatically correct.

The sudden illness prevented her of attending the conference.

Options:

- A. of attended
- B. from attend
- C. from attending
- D. No improvement

Answer: C

Solution:

The correct answer is "**from attending**".

Key Points

- The use of preposition in English sentences is a critical aspect. The usage varies with the context and the verb used in the sentence. The verb 'prevent' is typically used with the preposition 'from', not 'of'.
- In the given sentence, 'her' was supposed to attend the conference, but the sudden illness acted as an obstacle. In such a context, the preposition 'from' creates the correct syntactic relationship between 'prevented' and 'attending the conference'.
- So, the corrected sentence would be: "The sudden illness prevented her from attending the conference." This sentence correctly conveys that the illness was the reason she could not attend the conference.
- English language learners often find the correct usage of prepositions challenging, as it may differ from one language to another. A considerable amount of exposure to the language and its nuances are deemed necessary for mastering the usage of prepositions.

Hence, the correct answer is "**from attending**".

Question 9

Some parts of the sentence have errors and some are correct. Find out which part has an error and mark that part as your answer. If there are no errors, mark 'No error' as your answer.

If I had booked my flight tickets earlier, I would save at least five thousand rupees.

Options:

- A. If I had booked my flight tickets
- B. earlier, I would save

C. at least five thousand rupees.

D. No error

Answer: B

Solution:

There are three forms of conditional sentences :

Conditional 1: 'if+simple present, will-future'

E.g.*If i find her address, I'll send her an invitation.*

Conditional 2: 'if+simple past, conditional 1(=would+infinitive)'

E.g.*If I found her address, I would send her an invitation.*

Conditional 3: 'if+past perfect, conditional 2 (=would+have+past participle)'

E.g.*If I had found her address, I would have sent her an invitation.*

The given sentence is a third conditional sentence, as it shows a condition that is not possible to fulfill as it is too late. The correct sentence should be written in the format of the third conditional. Thus the correct sentence is '*I would have saved at least five thousand rupees.*'

Question 10

Sentences of a paragraph are given below in jumbled order. Arrange the sentences in the correct order to form a meaningful and coherent paragraph.

A. It is the art of exchanging thought.

B. Not everybody can paint or play music, but almost everyone can talk.

C. Thus it affords the greatest pleasure to the greatest number.

D. Conversation is a fine art.

Options:

A. BCAD

B. DABC

C. DBCA

D. BADC

Answer: B

Solution:

The correct answer is '**DABC**'.

Key Points

- The sentence "**Conversation is a fine art.**" (**D**) is an introductory statement. It sets the tone and topic for the paragraph, making it a logical starting point.
- After introducing the topic, the natural progression is to explain or provide details about this "**art**".
- The sentence "It is the art of exchanging thought." (**A**) serves this purpose, as it elaborates on the nature of conversation as an art.
- "Not everybody can paint or play music, but almost everyone can talk." (**B**) adds a comparative element, contrasting conversation with other forms of art, thereby providing depth to the topic.
- "Thus it affords the greatest pleasure to the greatest number." (**C**) concludes by emphasizing the widespread appeal and satisfaction derived from the art of conversation.

Therefore, the correct answer is **Option 2**.

Question 11

Select the option that expresses the given sentence in indirect speech.
She said, "I wrote a book."

Options:

A. She said that he has written a book.

B. She said that he had been written a book.

C. She said that she had written a book.

D. She said that she has written a book.

Answer: C

Solution:

The correct answer is "**She said that she had written a book.**"

Key Points

- When we convert direct speech into indirect speech, we need to follow some certain rules.
 - One of the rules involves verb tense changes.
 - In this case, the tense in the direct speech is **simple past ("I wrote")**.
 - When converting to indirect speech, we typically shift this to **past perfect ("she had written")**.
- The correct sentence is: "She said that she had written a book."
 - It maintains the correct subject '**she**' (referencing '**I**' in the original sentence) and uses '**had written**', which is the past perfect tense appropriate for this shift in direct to indirect speech.

Therefore, the correct answer is "**Option 3**".

Additional Information

- **Let's consider other options:**
 - **She said that he has written a book.**
 - This option changes the primary subject from '**I**' to '**he**' and uses '**has written**', which is present perfect tense.
 - It is not consistent with the tense shift rules for converting direct to indirect speech, and it changes the subject incorrectly.
 - **She said that he had been written a book.**
 - This option also incorrectly changes '**I**' to '**he**', but it uses '**had been written**', which is past perfect passive.
 - This changes the meaning, implying that someone else wrote the book for her.
 - **She said that she has written a book.**
 - This option keeps the correct subject '**she**', but the verb tense '**has written**' is present perfect, which is not the appropriate tense shift for converting this sentence.

Question 12

Select the option that expresses the given sentence in passive voice.
I am eating mangoes.

Options:

- A. Mangoes is being eaten by me.
- B. Mangoes are being eaten by me.
- C. Mangoes have been eaten by me.
- D. Mangoes are eaten by me.

Answer: B

Solution:

The correct answer is "**Mangoes are being eaten by me.**"

Key Points

- In the English language, presenting a sentence in active or passive voice changes the focus of attention in that sentence.
- In active voice sentences, the subject performs the action (verb), but in passive voice sentences, the subject receives the action.
- The original given sentence, "**I am eating mangoes.**" is in **active voice**, where the subject '**I**' is performing the action (eating) on the object '**mangoes**'.
- When transforming this into passive voice, the verb tense needs to be maintained.
- In this sentence, the tense is present continuous (**am eating**).
- "**Mangoes are being eaten by me.**" is the correct passive voice equivalent of the original sentence.
 - This sentence maintains the present continuous tense – "**are being eaten**" instead of "**am eating**", and the subject and the object positions have been interchanged.
- So, the answer is: "**Mangoes are being eaten by me.**"

Therefore, the correct answer is "**Option 2**".

Additional Information

- **Let's examine the options:**
 - **Mangoes is being eaten by me.**
 - In this option, the verb agrees incorrectly with the subject. "Mangoes" is plural, so the verb should be "are", not "is".
 - **Mangoes have been eaten by me.**
 - This option changes the tense of the verb to present perfect ("have been eaten"), which is not an accurate conversion of the original present continuous tense ("am eating").
 - **Mangoes are eaten by me.**
 - This option uses simple present tense ("are eaten"), which again, is not an accurate conversion of the original present continuous tense ("am eating").

Question 13

In the following sentences, choose the correct verb which agrees with the subject.

Many a soldier_____ killed in the war.

Options:

A. have

B. was

C. did

D. are

Answer: B

Solution:

The correct answer is '**was**'.

Key Points

- "**Many a + singular noun**" is a common phrase, and it always takes a **singular verb**.
- The phrase "**many a soldier**" is followed by a **singular verb** because "**a soldier**" is **singular**.
- **Correct Sentence:** "*Many a soldier **was** killed in the war.*"

Therefore, the correct answer is '**Option 2**'.

Additional Information

- **Option 1:** 'have' is incorrect because "many a man" requires a singular verb.
- **Option 3:** 'did' is incorrect as it doesn't fit here. The verb 'did' is used for simple past tense, not present perfect.
- **Option 4:** 'are' is incorrect as it is a plural verb form and doesn't complement the singular subject "many a man".

Question 14

The idiom 'A snake in the grass' means:

Options:

A. a hidden enemy

B. a recognizable danger

C. not a reliable person

D. unexpected happening

Answer: A

Solution:

The correct answer is a **hidden enemy**.

Key Points

- This phrase means '**a secretly faithless friend**'.
 - **For example** -Don't trust her,she may seem honest but she's a **snake in the grass**.
 - So the correct answer is "**a hidden enemy**".
 - Hence, **Option 1** is the correct answer.
-

Question 15

Fill in the blank with appropriate conjunction.

He is not going to school _____ it is raining.

Options:

- A. because
- B. and
- C. or
- D. but

Answer: A

Solution:

The correct answer is "**because**".

Key Points

- "**Because**" is a conjunction that typically introduces a clause expressing a **reason or cause**.
 - Here, it correctly expresses the **cause-and-effect relationship** between "**He is not going to school**" and "**it is raining**."
 - Hence, the correct conjunction to fill in the blank would be "**He is not going to school because it is raining**."
 - This sentence suggests that the reason for not going to school is the rain.

Therefore, the correct answer is "**Option 1**".

Additional Information

- Let's delve into the other options:

- **And:** The conjunction "**and**" is used to connect words of the same part of speech, clauses, or sentences that are to be taken jointly.
 - Here, it is **not an appropriate** choice because "He is not going to school" and "it is raining" are not independent events that are happening simultaneously. Plus, "and" doesn't express a cause-and-effect relationship here.
 - **Or:** The conjunction "**or**" is used to link different possibilities.
 - We use "or" to refer to one thing or another, not both.
 - Here, this does not fit the cause-and-effect situation that is being expressed.
 - **But:** "**But**" is used to introduce a phrase or clause contrasting with what has already been mentioned.
 - The usage of "**but**" here does not fit in the context, as there is no contrast between "not going to school" and "it is raining."
 - Conjunctions are words used to connect clauses or sentences or to coordinate words in the same clause.
 - They play a critical role in establishing relationships between parts of a sentence and provide a transition or bridge between ideas.
-

Question 16

Direction: Read the passage given below and answer the question that follows:

Mental health can affect daily living, relationships, and physical health. However, this link also works in the other direction. Factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health **disruptions**. Looking after mental health can preserve a person's ability to enjoy life. Doing this involves reaching a balance between life activities, responsibilities, and efforts to achieve psychological resilience. Conditions such as stress, depression, and anxiety can all affect mental health and disrupt a person's routine. Although the term mental health is in common use, many conditions that doctors recognize as psychological disorders have physical roots. The WHO stress that mental health is "more than just the absence of mental disorders or disabilities." Peak mental health is about not only avoiding active conditions but also looking after ongoing wellness and happiness. They also emphasize that preserving and restoring mental health is crucial on an individual basis, as well as throughout different communities and societies the world over. In the United States, the National Alliance on Mental Illness estimates that almost 1 in 5 adults experience mental health problems each year. In 2017, an estimated 11.2 million adults in the U.S., or about 4.5% of adults, had a severe psychological condition, according to the National Institute of Mental Health (NIMH).

What is the meaning of the word 'disruptions' from the passage?

Options:

- A. disturbances
- B. hurdles
- C. ignorance
- D. non-interference

Answer: A

Solution:

The correct answer is '**disturbances**'.

Key Points

- Let us look at the meaning of the word '**disruptions**':
 - Disruptions:** disturbances or problems which interrupt an event, activity, or process
 - Example:** *The scheme was planned to minimize **disruptions**.*
- Let us look at the meanings of words in the options:

Word	Meaning	Example
Disturbances	the interruptions of a settled and peaceful condition	<i>A helicopter landing can cause disturbances to residents.</i>
Hurdles	problems or difficulties that must be overcome	<i>Many would like to emigrate to the United States but face formidable hurdles.</i>
Ignorance	lack of knowledge or information	<i>He acted in ignorance of basic procedures.</i>
Non-interference	failure or refusal to intervene without invitation or necessity, especially in political matters	<i>The principle of non-interference in the internal affairs of a sovereign state.</i>

- Therefore, the meaning of the word '**disruptions**' from the passage is '**disturbances**'.
- Hence, the correct answer is '**disturbances**'.

Additional Information

- Let us look at the **SYNONYM** of words in the option:

Word	Synonym
Hurdles	Obstacles
Ignorance	Incomprehension
Non-interference	Apathy

Question 17

Direction: Read the passage given below and answer the question that follows:

Mental health can affect daily living, relationships, and physical health. However, this link also works in the other direction. Factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health **disruptions**. Looking after mental health can preserve a person's ability to enjoy life. Doing this involves reaching a balance between life activities, responsibilities, and efforts to achieve psychological resilience. Conditions such as stress, depression, and anxiety can all affect mental health and disrupt a person's routine. Although the term mental health is in common use, many conditions that doctors recognize as psychological disorders have physical roots. The WHO stress that mental health is "more than just the absence of mental disorders or disabilities." Peak mental health is about not only avoiding active conditions but also looking after ongoing wellness and happiness. They also emphasize that preserving and restoring mental health is crucial on an individual basis, as well as throughout different communities and societies the world over. In the United States, the National Alliance on Mental Illness estimates that almost 1 in 5 adults experience mental health problems each year. In 2017, an estimated 11.2 million adults in the U.S., or about 4.5% of adults, had a severe psychological condition, according to the National Institute of Mental Health (NIMH).

Which type of factors can contribute to mental health disruptions?

Options:

- A. Factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health disruptions.
- B. Factors in people's lives.
- C. Factors in interpersonal connections.
- D. Factors in physical factors.

Answer: A

Solution:

The correct answer is '**Factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health disruptions**'.

Key Points

- **Let's have a look at the firstline of the passage:**
 - *'Factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health disruptions.'*
- After a complete analysis of the above statement, it can be concluded that ***factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health disruptions.***
- Therefore, '**Factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health disruptions**' is the correct answer.

Additional Information

- Let us discuss the meaning of some words from the passage:

Word	Meaning
------	---------

Interpersonal	relating to relationships or communication between people
Physical	relating to things perceived through the senses as opposed to the mind; tangible or concrete
Contribute	give (something, especially money) in order to help achieve or provide something

Question 18

Direction: Read the passage given below and answer the question that follows:

Mental health can affect daily living, relationships, and physical health. However, this link also works in the other direction. Factors in people’s lives, interpersonal connections, and physical factors can all contribute to mental health **disruptions**. Looking after mental health can preserve a person’s ability to enjoy life. Doing this involves reaching a balance between life activities, responsibilities, and efforts to achieve psychological resilience. Conditions such as stress, depression, and anxiety can all affect mental health and disrupt a person’s routine. Although the term mental health is in common use, many conditions that doctors recognize as psychological disorders have physical roots. The WHO stress that mental health is “more than just the absence of mental disorders or disabilities.” Peak mental health is about not only avoiding active conditions but also looking after ongoing wellness and happiness. They also emphasize that preserving and restoring mental health is crucial on an individual basis, as well as throughout different communities and societies the world over. In the United States, the National Alliance on Mental Illness estimates that almost 1 in 5 adults experience mental health problems each year. In 2017, an estimated 11.2 million adults in the U.S., or about 4.5% of adults, had a severe psychological condition, according to the National Institute of Mental Health (NIMH).

According to the National Institute of Mental Health (NIMH), how many adults in the U.S. were estimated to have a severe psychological condition?

Options:

- A. According to the National Institute of Mental Health (NIMH), 12.2 million adults in the U.S. were estimated to have a severe psychological condition.
- B. According to the National Institute of Mental Health (NIMH), 10 million adults in the U.S. were estimated to have a severe psychological condition.
- C. According to the National Institute of Mental Health (NIMH), 11.2 million adults in the U.S. were estimated to have a severe psychological condition.
- D. According to the National Institute of Mental Health (NIMH), 11.5 million adults in the U.S. were estimated to have a severe psychological condition.

Answer: C

Solution:

The correct answer is '**According to the National Institute of Mental Health (NIMH), 11.2 million adults in the U.S. were estimated to have a severe psychological condition**'.

Key Points

- Let's have a look at the eighthline of the passage:
 - *'In 2017, an estimated 11.2 million adults in the U.S., or about 4.5% of adults, had a severe psychological condition, according to the National Institute of Mental Health (NIMH).'*
- After a complete analysis of the above statement, it can be concluded that ***according to the National Institute of Mental Health (NIMH), 11.2 million adults in the U.S. were estimated to have a severe psychological condition.***
- Therefore, '**According to the National Institute of Mental Health (NIMH), 11.2 million adults in the U.S. were estimated to have a severe psychological condition**' is the correct answer.

Additional Information

- Let us discuss the meaning of some words from the passage:

Word	Meaning
Estimated	the past tense of the verb 'estimate' which means roughly calculate or judge the value, number, quantity, or extent of
Severe	very great; intense
Psychological	of, affecting, or arising in the mind; related to the mental and emotional state of a person

Question 19

Direction: Read the passage given below and answer the question that follows:

Mental health can affect daily living, relationships, and physical health. However, this link also works in the other direction. Factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health **disruptions**. Looking after mental health can preserve a person's ability to enjoy life. Doing this involves reaching a balance between life activities, responsibilities, and efforts to achieve psychological resilience. Conditions such as stress, depression, and anxiety can all affect mental health and disrupt a person's routine. Although the term mental health is in common use, many conditions that doctors recognize as psychological disorders have physical roots. The WHO stress that mental health is "more than just the absence of mental disorders or disabilities." Peak mental health is about not only avoiding active conditions but also looking after ongoing wellness and happiness. They also emphasize that preserving and restoring mental health is crucial on an individual basis, as well as throughout different communities and societies the world over. In the United States, the National Alliance on Mental Illness estimates that almost 1 in 5 adults experience mental health

problems each year. In 2017, an estimated 11.2 million adults in the U.S., or about 4.5% of adults, had a severe psychological condition, according to the National Institute of Mental Health (NIMH).

What is the antonym of the word 'distress' from the passage?

Options:

- A. Agitate
- B. Relieve
- C. Disturb
- D. Tension

Answer: B

Solution:

The correct answer is '**Relieve**'.

Key Points

- **Distress** means extreme anxiety, sorrow, or pain.
 - Example: "He was in great distress over the sudden loss of his job."
- On the contrary, **relieve** means to cause (pain, distress, or difficulty) to become less severe or serious.
 - Example: "The medicine helped relieve her symptoms."
- Based on the given points, it is clear that marked option 'relieve is the antonym of the word 'distress'.
- Therefore, the correct answer is **Option 2**.

Additional Information

- "Agitate" means to make (someone) troubled or nervous. Example: "The news agitated him greatly."
- "Disturb" implies causing distress or worry or interfering with someone's peace or rest. Example: "Please do not disturb."
- "Tension" denotes a state of mental or emotional strain or stress. Example: "His poor health has caused a lot of tension in their household."

Question 20

Direction: Read the passage given below and answer the question that follows:

Mental health can affect daily living, relationships, and physical health. However, this link also works in the other direction. Factors in people's lives, interpersonal connections, and physical factors can all contribute to mental health **disruptions**. Looking after mental health can preserve a person's ability to enjoy life. Doing this involves reaching a balance between life activities, responsibilities, and efforts to achieve psychological

resilience. Conditions such as stress, depression, and anxiety can all affect mental health and disrupt a person's routine. Although the term mental health is in common use, many conditions that doctors recognize as psychological disorders have physical roots. The WHO stress that mental health is "more than just the absence of mental disorders or disabilities." Peak mental health is about not only avoiding active conditions but also looking after ongoing wellness and happiness. They also emphasize that preserving and restoring mental health is crucial on an individual basis, as well as throughout different communities and societies the world over. In the United States, the National Alliance on Mental Illness estimates that almost 1 in 5 adults experience mental health problems each year. In 2017, an estimated 11.2 million adults in the U.S., or about 4.5% of adults, had a severe psychological condition, according to the National Institute of Mental Health (NIMH).

According to the passage, what does looking after mental health involve?

Options:

- A. Only achieving psychological resilience.
- B. Solely focusing on life activities and responsibilities.
- C. Ignoring psychological disorders.
- D. Reaching a balance between life activities, responsibilities, and efforts to achieve psychological resilience.

Answer: D

Solution:

The correct answer is '**Reaching a balance between life activities, responsibilities, and efforts to achieve psychological resilience**'.

Key Points

- The passage states that looking after mental health preserves a person's ability to enjoy life.
- This involves **striking a balance among life activities, responsibilities, and the pursuit of psychological resilience**.
- Not solely focusing on any one aspect, but managing all of them in harmony, is emphasized as essential for maintaining mental health.
- Therefore, the correct answer is **Option 4**.

Additional Information

- Option 1 and 2 are incorrect as they represent only part of the whole spectrum stated in the passage. Looking after mental health indeed involves achieving psychological resilience and focusing on life activities and responsibilities, but not solely.
- Option 3 is incorrect as it contradicts the information in the passage which emphasizes both the acknowledgement and management of psychological disorders as part of the comprehensive care of mental health.

Question 21

Select the figure from among the given options that can replace the question mark (?) in the following series.

Options:

Answer: A

Solution:

The pattern follows here is;

Movement of circle is as follows:

Movement of Star is as follows:

Movement of Triangle is as follows:

Movement of hexagon is as follows:

So, the correct figure is;

Hence, the correct answer is "Option (1)".

Question 22

Select the figure from among the given options that can replace the question mark (?) in the following series.

Options:

Answer: A

Solution:

The logic followed here is,

Logic: The images are rotating 90° in anticlockwise direction in the successive terms.

Hence, the correct answer is "Option 1".

Question 23

Select the figure from among the given options that can replace the question mark (?) in the following series.

Options:

Answer: A

Solution:

The logic followed here:

Logic: **Number of squares are increasing by 1 in the successive terms.**

Number of coloured circles are increasing by 1 in the successive terms.

The image is rotating 90° in the clockwise direction.

Hence, the correct answer is **"Option 1"**.

Question 24

Select the figure that will come next in the following figure series.

Options:

A.

B.

C.

D.

Answer: C

Solution:

The logic followed here,

- 1) The figure is rotating 90° in the clockwise direction.
- 2) The star symbol is decreasing it's edges by 2in each figure.

Step: 1

Step: 2

Step: 3

Hence, the correct answer is " Option 3 ".

Question 25

Select the figure from among the given options that can replace the question mark (?) in the following series.

Options:

Answer: A

Solution:

The logic which follows here is :

The Arrow is rotating in 45degree in clockwise directions.

And the coloured box is moving according to the arrow.

Hence. the correct answer is "Option 1".

Question 26

Anil says: Rekha is the daughter of my mother's only child. How is Rekha related to Anil?

Options:

A. Mother

B. Daughter

C. Wife

D. None of these

Answer: B

Solution:

The family chart is as follows::

Symbol in Diagram	Meaning
○	Female
□	Male
==	Married Couple
—	Siblings
	Difference of A Generation

The family tree is given below:

Hence, **Rekha is the daughter of Anil.**

Question 27

Kritika walks 6 m towards the south. She turns right to walk 6 m. She turns left and walks 5 m. She again turns left and walks 6 m. Again she turns left and walks 5 m. In which direction is she facing now? (All turns are 90 degree turns only)

Options:

- A. East
- B. North
- C. West
- D. South

Answer: B

Solution:

According to the given information,

- 1) Kritika walks 6 m towards the south.

- 2) She turns right to walk 6 m.

- 3) She turns left and walks 5 m.

4) She again turns left and walks 6 m.

5) Again, she turns left and walks 5 m.

Here, we can see that she is now facing North direction.

Hence, the correct answer is "**North**".

Question 28

In a certain code language, 'ANNUAL' is coded as 'OZFMMZ' and 'BARREL' is coded as 'OVIIZY'. How will 'BOTTLE' be coded in that language?

Options:

- A. VOGGLY
- B. VOGLGY
- C. VOGGMY
- D. VPGGLY

Answer: A

Solution:

Alphabets	A	B	C	D	E	F	G	H	I	J	K	L	M
Positional value	1	2	3	4	5	6	7	8	9	10	11	12	13
Positional value	26	25	24	23	22	21	20	19	18	17	16	15	14
Alphabets	Z	Y	X	W	V	U	T	S	R	Q	P	O	N

The logic followed here is,

Logic: The letters are coded with its opposite letter as per the positional values table diagonally.

ANNUAL: OZFMMZ

BARREL: OVIIZY

Similarly,

BOTTLE: ?

Hence, the correct answer is "VOGGLY".

Question 29

Select the option that is related to the third term in the same way as the second term is related to the first term.

POSED : UTXJI :: CLONE : ?

Options:

- A. HRTSJ
- B. HQTSJ
- C. HQSUJ
- D. HQTRK

Answer: B

Solution:

Here, we use the table given below:

Alphabets	A	B	C	D	E	F	G	H	I	J	K	L	M
Positional value	1	2	3	4	5	6	7	8	9	10	11	12	13
Positional value	26	25	24	23	22	21	20	19	18	17	16	15	14
Alphabets	Z	Y	X	W	V	U	T	S	R	Q	P	O	N

The logic followed in the given pair is:

InPOSED : UTXJI→

P	O	S	E	D
16	15	19	5	4
+5	+5	+5	+5	+5
↓	↓	↓	↓	↓
U	T	X	J	I
21	20	24	10	9

Similarly;

In CLONE : ?→

C	L	O	N	E
3	12	15	14	5
+5	+5	+5	+5	+5
↓	↓	↓	↓	↓
H	Q	T	S	J
8	17	20	19	10

Here, CLONE is written as **HQTSJ** as per the logic.

Hence. the correct answer is "HQTSJ".

Question 30

DIRECTIONS: In the following question, select the related letter/word/number from the given alternatives.

15	11	7
7	9	12
8	6	?
840	594	420

Options:

- A. 5
- B. 60
- C. 9
- D. 70

Answer: A

Solution:

The pattern follows here is:

By doing the operation column-wise, **First number**× **Second number**× **Third number** = **Fourth number**.

In Column 1,

$$15 \times 7 \times 8 = 840$$

$$105 \times 8 = 840$$

$$840 = 840$$

In Column 2,

$$11 \times 9 \times 6 = 594$$

$$99 \times 6 = 594$$

$$594 = 594$$

Similarly,

In column 3,

$$7 \times 12 \times X = 420$$

$$84 \times X = 420$$

$$84X = 420$$

$$X = 420 / 84$$

$$X = 5$$

Hence, the correct answer is "5".

Question 31

What number will come in place of the question mark (?) in the following series?

5, 9, 18, 34, 59, ?

Options:

A. 94

B. 93

C. 95

D. 90

Answer: C

Solution:

The pattern follows here is;

Hence, the correct answer is "95".

Question 32

Identify the diagram that best represents the relationship among the given classes.

Language, Hindi, English

Options:

Answer: D

Solution:

Hindi and English are two different languages. So, two non-connected small circles represent Hindi and English. A bigger circle in which two small circles are enclosed represents a language.

Hence, figure 4 best represents the relationship among the given classes.

Question 33

In a group of five friends, Rohit is taller than Swati. Also, Manoj is shorter than Swati. Sumit is taller than Rohit while Ashish is shortest. Who amongst them is the tallest?

Options:

A. Swati

B. Rohit

C. Sumit

D. Manoj

Answer: C

Solution:

1) Rohit is taller than Swati.

Rohit > Swati

2) Manoj is shorter than Swati.

Swati > Manoj

3) Sumit is taller than Rohit.

Sumit > Rohit

4) Ashish is shortest.

_ > _ > _ > _ > Ashish

Comining all the statements:

Sumit > Rohit > Swati > Manoj > Ashish

Sumit is tallest among all the five friends.

Hence, the correct answer is "**Sumit**".

Question 34

Seven people, A, B, C, D, E, F and G, are sitting in a straight row, facing the north. Only two people sit to the left of G. Only two people sit between A and F. A sits to the left of F. D is an immediate neighbour of F to the right. Only one person sits to the right of B. E is not an immediate neighbour of G. Who sits to the extreme left?

Options:

A. B

B. E

C. C

D. A

Answer: D

Solution:

Seven people:A, B, C, D, E, F and G.

The following seating arrangements is as follows:

1)Only two people sit to the left of G.

 G

2)Only two people sit between A and F.

3) A sits to the left of F.

3) D is an immediate neighbour of F to the right.

Case 1:

 A G F D

Case 2:

 A G F D

4)Only one person sits to the right of B.

So, Case 2 gets eliminated.

 A G F D B

5) E is not an immediate neighbour of G.

 A C G F D B E

Therefore, A sits at the extreme left.

Hence, the correct answer is "A".

Question 35

If the mirror image shows the time as 11 : 40 in the clock, then the actual time in the clock is

Options:

A. 12 : 20

B. 11 : 40

C. 11 : 20

D. 12 : 40

Answer: A

Solution:

The logic followed here is:

Given Time: 11 : 40. (Am or Pm not mentioned, it means it is a 24 hours clock)

Now, subtract the given time from 23:60 hrs for the mirror image of 11 : 40.

$$\Rightarrow 23 : 60 - 11 : 40$$

$$\Rightarrow 12 : 20.$$

Thus, the actual time in the clock is 12:20.

Hence, 'option 1' is the correct answer.

★ Important Points

For Mirror Reflection Clock:

If it is a 12 hours clock, then subtract the given time from 11:60 hrs.

If it is a 24 hours clock, then subtract the given time from 23:60 hrs.

Alternate Method

The images will be as follow-

Thus, the actual time in the clock is 12:20.

Hence, 'option 1' is the correct answer.

Question 36

Three years ago, the average age of a family of 5 members was 17 years. A baby having been born and the average age of the family is the same as three years ago. The present age of the baby (in years) is:

Options:

- A. 2
- B. 1.5
- C. 2.4
- D. 3

Answer: A

Solution:

Given:

3 years ago average age of 5 members is 17 years.

Formula used:

Average = Sum of values/number of values

Calculation:

3 years ago average age of 5 members is 17 years

Sum of ages of 5 members, 3 years ago

$$\Rightarrow 17 \times 5 = 85$$

Average of Present age of 5 members = 20 years

Sum of present ages of 5 members = $20 \times 5 = 100$

But a baby born and average remains same i.e 17 years

Sum of present ages of 6 members = $17 \times 6 = 102$

Age of baby = $102 - 100 = 2$ years

$\therefore$ The age of baby is 2 years.

Question 37

The area of an equilateral triangle is $400\sqrt{3}$ sq. m. Its perimeter is

Options:

A. 120 m

B. 150 m

C. 90 m

D. 135 m

Answer: A

Solution:

Given :

Area of equilateral triangle $= 400\sqrt{3}$ sq. m.

Formula :

Area of equilateral triangle $= \frac{\sqrt{3}}{4} (\text{side})^2$

Perimeter of equilateral triangle $= 3 (\text{side})$

Calculation :

$\frac{\sqrt{3}}{4} (\text{side})^2 = 400\sqrt{3}$ sq. m.

$(\text{side})^2 = 1600$ sq. m.

side = 40 m.

Perimeter of equilateral triangle $= 3 (\text{side})$

Perimeter of equilateral triangle $= 3 (40)$ m = 120 m

Hence, option 1 is the correct answer.

Question 38

In a school, the ratio of boy and girls is 4 : 5. When 100 girls leave the school then the ratio becomes 6 : 7. How many boys are there in the school?

Options:

A. 1800

B. 1200

C. 1000

D. 1500

Answer: B

Solution:

Calculation:

Let the number of boys be $4X$ & the number of girls be $5X$

When 100 girls leave the school

$$\Rightarrow 4X/(5X - 100) = 6/7$$

$$\Rightarrow 28X = 30X - 600$$

$$\Rightarrow 2X = 600$$

$$\Rightarrow X = 300$$

Therefore,

Number of boys in the school

$$\Rightarrow 4X = 4 \times 300 = 1200$$

$\therefore$ Number of boys in the school are 1200.

Question 39

$\frac{\sin\theta + \cos\theta}{\sin\theta - \cos\theta} = 7$ then the value of $\tan\theta$ will be

Options:

A. $1/\sqrt{3}$

B. $\sqrt{3}$

C. $4/3$

D. $2/\sqrt{3}$

Answer: C

Solution:

Given:

$$\sin\theta + \cos\theta / (\sin\theta - \cos\theta) = 7$$

Concept Used:

$$\sin\theta / \cos\theta = \tan\theta$$

$$\text{If } a/b = c/d$$

$$\text{then, } (a + b)/(a - b) = (c + d)/(c - d)$$

Calculation:

$$\sin\theta + \cos\theta / (\sin\theta - \cos\theta) = 7$$

$$\Rightarrow \sin\theta + \cos\theta + \sin\theta - \cos\theta / (\sin\theta + \cos\theta - \sin\theta + \cos\theta) = (7 + 1)/(7 - 1)$$

$$\Rightarrow 2\sin\theta / 2\cos\theta = 8/6$$

$$\Rightarrow \tan\theta = 4/3$$

$\therefore$ The value of $\tan\theta$ is $4/3$.

Question 40

Mohit bought a horse and a carriage for Rs. 4000. He sold the horse at a gain of 20% and the carriage at a loss of 10%, thereby gaining 2% on the whole. Find the cost of the horse?

Options:

A. Rs. 1000

B. Rs. 1400

C. Rs. 1200

D. Rs. 1600

Answer: D

Solution:

Given:

The cost of a Horse and Carriage is Rs. 4000

Calculation:

Let the cost of the Horse be Rs. x

Then the cost of the Carriage will be Rs. $(4000 - x)$

According to the question,

$$\Rightarrow 120\% \text{ of } x + 90\% \text{ of } (4000 - x) = 102\% \text{ of } 4000$$

$$\Rightarrow \frac{6}{5}x + \frac{9}{10}(4000 - x) = 102 \times 40$$

$$\Rightarrow (12x + 36000 - 9x) / 10 = 4080$$

$$\Rightarrow (3x + 36000) = 40800$$

$$\Rightarrow 3x = 40800 - 36000$$

$$\Rightarrow 3x = 4800$$

$$\Rightarrow x = 1600 \text{ Rs.}$$

$\therefore$ The cost of a horse is 1600 Rs.

Question 41

Which of the following numbers is NOT divisible by 9?

Options:

A. 54315

B. 34155

C. 51543

D. 43516

Answer: D

Solution:

Concept used:

A number is divisible by 9 if the sum of its digits is divisible by 9.

Calculations:

Considering 54315, sum of digits = $5 + 4 + 3 + 1 + 5 = 18$ which is divisible by 9

Considering 34155, sum of digits = $3 + 4 + 1 + 5 + 5 = 18$ which is divisible by 9

Considering 51543, sum of digits = $5 + 1 + 5 + 4 + 3 = 18$ which is divisible by 9

Considering 43516, sum of digits = $4 + 3 + 5 + 1 + 6 = 19$ which is not divisible by 9

$\therefore$ The number 43516 is not divisible by 9.

Question 42

The income of A and B are in the ratio 5 : 7 and their expenditure is in the ratio 1 : 1. If A saves Rs. 2000 and B saves Rs. 4000, then what will be the income of A?

Options:

A. Rs. 5000

B. Rs.7000

C. Rs.6000

D. Rs.8000

Answer: A

Solution:

Given:

The income ratio of A and B is 5:7

Expenditure ratio is 1:1

A saves Rs. 2000

B saves Rs. 4000

Calculation:

Let's assume the common factor of their incomes is x:

A's income = $5x$

B's income = $7x$

Since the expenditure ratio is 1:1, and

A and B save Rs. 2000 and Rs. 4000 respectively:

A's expenditure = $5x - 2000$

B's expenditure = $7x - 4000$

Since the expenditures are equal:

$$5x - 2000 = 7x - 4000$$

Now, we'll solve for x:

$$7x - 5x = 4000 - 2000$$

$$2x = 2000$$

$$x = 2000 / 2 = 1000$$

Now, A's income:

$$\text{A's income} = 5 \text{ multiplied by } 1000 = 5000$$

So, the income of A is Rs. 5000.

Question 43

The ratio of speeds, of a Bus and Car is 6 : 7. If car covers 364 Km distance in 4 hours, what is the speed of Bus?

Options:

A. 60 Km/hr

B. 72Km/hr

C. 78Km/hr

D. 84Km/hr

Answer: C

Solution:

Given:

Ratio of speeds of Bus and Car = 6 : 7

Distance covered by Car in 4 hours = 364 km

Formula used:

Speed = Distance/Time

Calculation:

Let speeds of Bus and Car be $6x$ and $7x$ respectively

Speed of Car = $364/4 = 91$ km/hr

$\Rightarrow 7x = 91$ km/hr

$\Rightarrow 6x = (91/7x) \times 6x$ km/hr

$\Rightarrow 78$ km/hr

$\therefore$ The speed of bus is 78 km/hr

Question 44

What is the minimum age limit to be eligible for an appointment as the Prime Minister of India?

Options:

A. 35 years

B. 25 years

C. 30 years

D. 45 years

Answer: B

Solution:

The correct answer is 25 years.

Key Points

- A **prime minister** must be an Indian resident.
 - The member of Lok Sabha or Rajya Sabha must be the Prime Minister. If at the time of appointment, the person chosen as the Prime Minister is neither a member of the Lok Sabha nor of the Rajya Sabha, he has to become a member of either house within six months.
 - **A prime minister must be above 25 years of age if he is a member of the Lok Sabha, or over 30 years of age if he is a member of the Rajya Sabha.**
 - A Prime Minister shall not hold any office of profit under the Government of India or the Government of any other State or under any local or other authority subject to the jurisdiction of any of the above States.
- **The minimum age to become the President of India is 35 years.**

Additional Information

- **According to Article 74(1) of the Constitution -**
 - There shall be a **Council of Ministers** to assist and advise the President **headed by the Prime Minister.**
 - **The President** shall perform his functions in accordance with the advice of this **Council of Ministers.**
 - Thus the real executive power is vested in the Council of Ministers, which is headed by the Prime Minister.

Question 45

Mary Kom is associated with which sports?

Options:

A. Kabaddi

B. Weight Lifting

C. Boxing

D. Tennis

Answer: C

Solution:

The correct answer is **Boxing**.

Key Points

- **M.C. Mary Kom**, the only boxer– male or female– to win eight world championships medals, was named **Sportstar of the Decade at the 2021 Sportstar ACES Awards**.
- The **2021 edition of the Sportstar ACES Awards** honored the Giants of the Decade in Indian sport, with the winners being assessed on their performance and consistency from **2011 to 2020**.
- **Eleven awards** were presented under the popular choice category, which was open to public voting, along with 14 jury awards as well as special recognition awards under two new categories– Sports for Good and Giants off the Field– that recognize the work of organizations and individuals who have used sports for the betterment of society.

Additional Information

Player	Associated With
Saina Nehwal	Badminton
Sania Mirza	Tennis
M.C. Mary Kom	Boxing
Abhinav Bindra	Shooting
M S Dhoni	Cricket

Question 46

Which of the following countries is not included in the BRICS nations?

Options:

- A. Brazil
- B. Russia
- C. Britain
- D. China

Answer: C

Solution:

The correct answer is **Britain**.

Key Points

- The full form of **BRICS** is **Brazil, Russia, India, China, and South Africa**.
- Initially, in **2009** there were only **four countries**. (BRIC)
- **South Africa joined in 2010**.
- It is associated with **five emerging economies of the world that have a significant influence on regional affairs**.
- It was formed in **2009** and since then the governments of these **5 countries** met annually at formal summits.
- So, From 2010 Countries involved chairs the BRICS summits according to sequence of B-R-I-C-S.
- The **first BRIC Summit** took place in **2009** in the **Russian Federation** and focused on issues such as reform of the global financial architecture.

Important Points

- BRICS 2023 expansion: PM Modi welcomes 6 new members **Egypt, Ethiopia, Iran, Saudi Arabia, & UAE** to become full members.
 - **Iran, Saudi Arabia, Egypt, the UAE, and Ethiopia** will join BRICS.
 - The six countries are expected to become members starting **1 January, 2024**.
-

Question 47

Who is the Youth Affairs and Sports Minister in India as per September 2023?

Options:

- A. Smt. Nirmala Sitharaman
- B. Shri Anurag Singh Thakur
- C. Dr. Subrahmanyam Jaishankar
- D. Shri Raj Nath Singh

Answer: B

Solution:

The correct answer is **Shri Anurag Singh Thakur**.

Key Points

- **Anurag Thakur** is the current **Union Minister for Youth Affairs and Sports in India**.
- He is a member of the Bharatiya Janata Party (BJP) and has been serving as the Minister of Youth Affairs and Sports since 2021.
- He is also a member of the **Lok Sabha, the lower house of the Parliament of India**.
- Thakur is a former cricketer and has played for the Himachal Pradesh cricket team in the Ranji Trophy.
- He is also a businessman and owns several companies, including a media company and a construction company.

Additional Information

- Smt. Nirmala Sitharaman is the Finance Minister of India.
- Dr. Subrahmanyam Jaishankar is the External Affairs Minister of India.
- Shri Raj Nath Singh is the Defence Minister of India.

Question 48

Who is known as the 'Nightingale of India'?

Options:

- A. Vijaya Laxmi Pandit
- B. Indira Gandhi
- C. Sarojini Naidu
- D. Lata Mangeshkar

Answer: C

Solution:

The correct answer is **Sarojini Naidu**.

Key Points

- Sarojini Naidu was also known as the **Bharat Kokila** or the **Nightingale of India**.
- She was called the Nightingale of India or Bharatiya Kokila because her poems are rich in imagery and emotions.
- She was a poet, orator, freedom fighter, crusader for equality, and lover of nature.
- She was the vibrant and articulate voice of India at gatherings across the globe.
- She has many firsts to her credit, including being the **first Indian woman to become the President of the Indian National Congress and the first woman to become the governor of an Indian state**.
- Sarojini Naidu was a prolific poet whose volumes of poetry included *The Golden Threshold* (1905), *The Bird of Time* (1912), and her collected poems, published as *The Sceptred Flute* (1928) and *The Feather of the Dawn* (1961).

Additional Information

- **Vijaya Laxmi Pandit** was an Indian politician and diplomat.
 - She was the first woman to hold several high-level positions in the Indian government, including serving as India's ambassador to the United States and the United Nations.
- **Indira Gandhi** was an Indian politician who served as the Prime Minister of India for three terms from 1966 to 1977 and then again from 1980 until her assassination in 1984.

Mistake Points

- **Lata Mangeshkar** is a singer famous as the '**nightingale of India**' for her melody voice.
 - who is widely regarded as one of the greatest singers in the history of Indian music Born on September 28, 1929, in Indore, India.
-

Question 49

Which planet is called the 'Blue Planet'?

Options:

- A. Venus
- B. Saturn
- C. Neptune
- D. Earth

Answer: D

Solution:

The correct answer is Earth.

Key Points

- The earth is the **third nearest planet** to the sun of the solar system **where life exists**.
- It is situated **150 million km away** from the sun.
- It is **geoid in shape** where it is flat near the poles and bulged at the equator.
- It **contains 71% of water** and **appears blue** in color thus referred to as a **blue planet or watery planet**.
- The earth **takes 24 hours to complete one rotation**.
- It is **surrounded by an atmosphere that supports life on earth**.

Hence, we can conclude that Earth is called the blue planet.

Additional Information

Planet	Fact
Hottest Planet	Venus
Veiled Planet	Venus
Densest Planet	Earth
Morning Star	Venus
Red Planet	Mars
Winter Planet	Jupiter

Hence **Earth** is the correct answer.

Question 50

Unsolicited and unwanted junk email sent out in bulk to an indiscriminate recipient list is stored in _____ folder.

Options:

- A. inbox
- B. draft
- C. spam
- D. trash

Answer: C

Solution:

The correct answer is **Spam**

Key Points

- An email is a computer-based communication that is used to exchange messages between users over the internet.
- It has different folders like inbox, sent, draft, important, spam etc on the leftside of the window.
- Spam emails are the ones that might contain malicious software, that is not from the authorized sender and these are stored in the spam folder.
 - It also contains a lot of junk emails which a user does not want. Hence option 3 is correct.
- To view spam emails, go to Gmail> click more in the leftcorner > select spam.

Additional Information

- The Inbox folder contains the emails that are received.

- **The trash folder holds all the deleted emails. You can always retrieve the deleted ones before they are permanently deleted. Trash holds the emails for 30 days.**
 - If you want to store a message temporarily before sending it, you can save it in the Draft folder. It contains unsent emails.
-
